WHEREAS, the Indiana General Assembly has enacted a statute, I.C. 6-6.1-12.1 (the "Act"), authorizing certain deductions from the assessed value of new real property improvements (as defined in the Act) for the purpose of allowing partial abatement of real estate property taxes attributable to redevelopment or rehabilitation in an area that is to be declared an economic revitalization area during the period beginning March 1, 1983 and ending December 31, 2011; and

Charges not subject to the property tax cap include property tax levies approved by voters through referendum. In Lake County and St. Joseph County, this line also reflects debt obligations incurred or to the creation of property tax caps. When added to the base property tax cap amount for your property, this creates the effective tax cap rate. For more information, see the back of this document. If any circumstances have changed that would make you ineligible for a deduction that you have been allowed in the deductions block on this tax bili, you must notify the county auditor, if such a ange in circumstances has occurred and you have not notified the county auditor, the deduction will be disallowed and you will be liable for taxes and penalties on the amount deducted.

Reason for revision of assessment:

Annual Adjustments or "trending" of property values became part of Indiana's move to a market-based assessment system that began in 2002. Indiana Code (IC 6-1.1-4) requires that Assessors annually adjust assessed values.

For a fact sheet on annual adjustments; go to www.in.gov/dlgf. Search: Annual adjustment fact sheet.

If the change in assessment is due to a new home, you should be aware that there are many property tax benefits or deductions available. Please see INDIANA PROPERTY TAX BENEFITS (State Form 51781) available on the DLGF website www.IN.gov/dlgf. If the real property is reassessed because it has been rehabilitated, you may be eligible for rehabilitation deductions - see Form 322A or Form 322/RE.
